

Firmware Update FeinTech VMS14201

The FeinTech HDMI 2.1 Matrix Switch 4x2 can be updated. You will need a cable USB to USB-mini and a Windows Computer. Make sure that it is a data cable and not only for USB power!

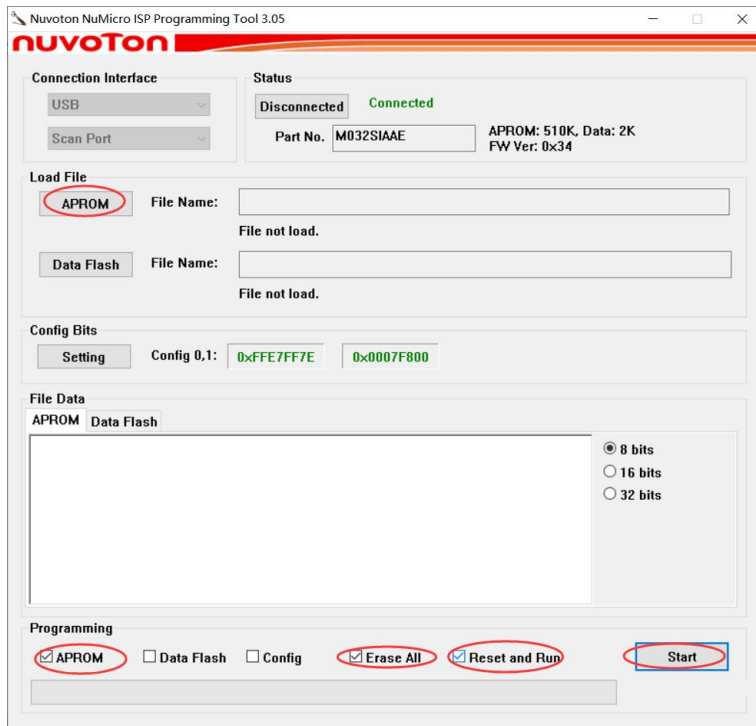

The update Tool „NuvoISP“ is provided or can be alternatively downloaded here:

<https://www.nuvoton.com/tool-and-software/software-tool/>

1. Connect the HDMI Matrix Switch to the mains. Press and hold the INPUT SELECT A button (the leftmost button) and switch on the power. Then only the power LED is lit.
2. Please connect your Windows computer via USB cable to the UPGRADE port.
3. Open **NuvoISP.exe**, select USB, then click **Connect**:

The model number will be displayed:

4. Click on **APROM** to load the update file *.bin.

Check **APROM**, **ERASE ALL**, **RESET and RUN** and click on **START**

5. Please wait for the progress bar to load to full. Update is finished!
